### Healthy smiles Ontario

January 1, 2016, Accerta implemented the program by consolidating 6 publicly funded low income children's dental programs into a single stream. Since then, Accerta has helped over 366,000 low income children and youth receive proper dental care.

This program includes regular visits to a licensed dental provider and covers the costs of treatment including check-ups, cleaning, fillings, x-rays, scaling, tooth extraction, and emergency dental care.
