

QUINTA WIRELESS CONFERENCE SYSTEMS

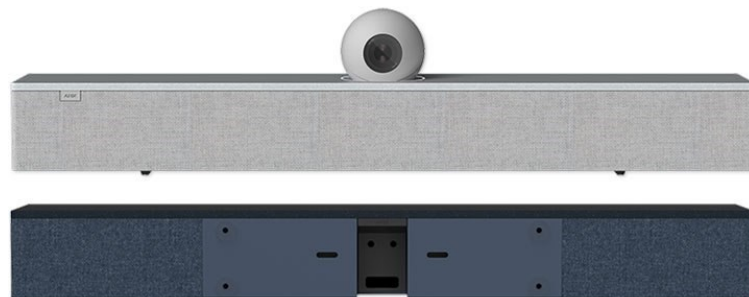

The latest generation of wireless conference systems

For productive meetings, even in larger groups, conference systems are essential, as they provide maximum speech intelligibility and a structured dialogue.

beyerdynamic

Acendo Vibe: Collaboration for the Modern Workspace

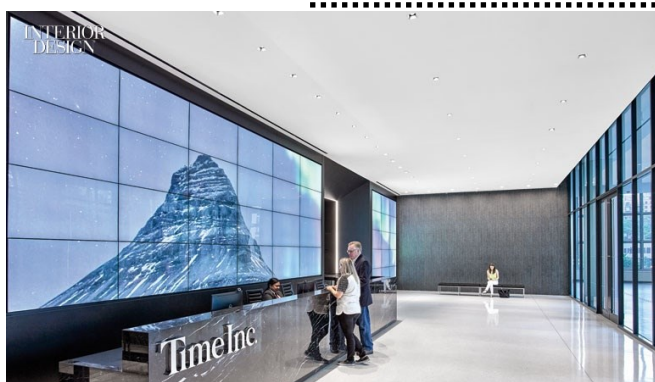

The first total conferencing sound bar solution designed specifically for the demands and elegance of the modern workspace. Robust JBL speakers and microphones, a wide-angle camera catches everyone, and CEC display control, USB and Bluetooth connectivity.
