

GovDeals.ca

Online Government Surplus Auctions

We understand government agencies across the country are suffering from decreased revenue collection and an increased difficulty in safely providing essential services to their citizens.

A great solution to replace lost income is to auction the properties for sale and surplus property currently sitting idly on your balance sheet.

Take advantage of this time to liquidate safely while adhering to social distancing guidelines with GovDeals.

**Turn that property
into cash virtually,
with our no touch
sales solution.**
