

MCG Consulting Solutions

MCG Consulting Solutions and its US partner firm, Matrix Consulting Group, have over 17 years of experience analyzing the government in North America. Our goal as consulting firms is to assist our government clients manage current challenges while preparing for the future.

Key elements of our approach to working with our government clients include:

- We are specialists, not generalists. Each member of our project teams have experience conducting scores to hundreds of government assessments.
- We maximize field time with our clients, typically devoting over half of our project budgets to obtain client input through interviews, data collection and reviews.
- We take pride in exceeding expectations in every project.
- We are proud of our track record providing analytical assistance to governments in North America. This track record is bolstered by our rate of successful implementation, which exceeds 80% of recommendations made.

MCG Consulting Solutions is led by Devon Clunis, the former Police Chief in Winnipeg. He can be contacted at:
