[admin@camacam.ca](mailto:admin@camacam.ca) or using the link below.

With the increasing awareness around environmental and social issues, including how organizations are governed, we have witnessed a change in philosophy around what drives a purchase. As regulations surrounding these topics have come into place on the global and national scale, the public sector has answered, leaving customers inundated with sustainability reports. But what do these reports actually mean? And should governmental agencies place a weight on ESGs during a tender process? Join us to learn about ESGs and their role in procurement.

### About the Canoe Procurement Group of Canada

**The Canoe Procurement Group of Canada** works with municipal associations across the country. The associations work with Canoe to provide member organizations access to preferential pricing on trade-compliant purchasing programs that leverage the collective buying power of all involved.

The Canoe team is proud to help members realize savings and efficiencies in a wide variety of product categories. Visit the [Canoe program directory](#) to learn more about the products and services available to members.

If you require more information or would like to schedule a specialized presentation in regard to a particular program, please contact one of our [Client Relations Managers](#) or [CAMA@canoeprocurement.ca](mailto:CAMA@canoeprocurement.ca).

### About the speaker

**Tyler Hannemann, MBA**  
Manager of Supplier Relations  
Canoe Procurement Group  
of Canada

Tyler is the Manager of Supplier Relations for the Canoe Procurement Group of Canada. His team is responsible for creating the programs for Canoe and providing training to suppliers nationally. He has worked in both the public and private sector before coming to Canoe. Tyler currently has a Bachelors of Science degree and a Masters of Business Administration.
