

**MEMBER-AT-LARGE  
CAMA BOARD REPRESENTATIVE  
2017-2018 NOMINEE**

**Roy Hardy  
City Manager  
City of Humboldt, SK**

Thank you for taking the time to review the biographies of those willing to stand for election of our Association. I have been the City Manager in Humboldt, Saskatchewan for the past three years, after relocating from Ontario.

Membership in both CAMA and ICMA have enhanced my senior leadership skills and exposed me to new and innovative best practices in municipal government over the past 25 years.

I am a proponent of life-long learning and have maintained my credentials as an ICMA Certified Manager for the past five years, after being a Certified Municipal Officer in Ontario for twelve years. I am looking forward to implementing the association's performance evaluation toolkit with our newly elected Council later this year.

More importantly, I have valued the networking with members across Canada and would like to serve in the capacity of a Member-at-Large on the Board and further expand our professional connections and synergy. I have the ability to draw on my experience as a senior staff representative on the Association of Municipalities of Ontario and the Rural Ontario Municipal Association in assisting with governance and policy issues to represent your interests as a municipal administrator.

After having the opportunity to participate as a member of the ICMA Conference evaluation committee in Kansas City this year, I would like to respond in kind for the upcoming CAMA conferences as a board representative or as an interested participant.

It is important that we continue to have a strong role in building resilient communities in partnership with our elected officials. CAMA's advocacy in providing recommendations to FCM and the federal government is critical in ensuring that representation extends to urban and rural communities in matters of governance, sustainability and infrastructure redevelopment.

Again, thank you for your interest in our association, I request you consider me serving you, and I look forward to meeting many of you in Gatineau.
