CAMA and FCM Asset Management Workshop

Municipal Asset Management Program

Kate Fleming, Director – Municipal Asset Management Program, FCM

May 31, 2017

Over the next 15 minutes...

1. Big Picture
2. What is MAMP?
3. How will MAMP be delivered?
4. What does it mean for you?
5. How do you access more information?

Current State of Public Infrastructure

1/3 of our municipal infrastructure is in fair, poor or very poor condition, increasing the risk of service disruption.

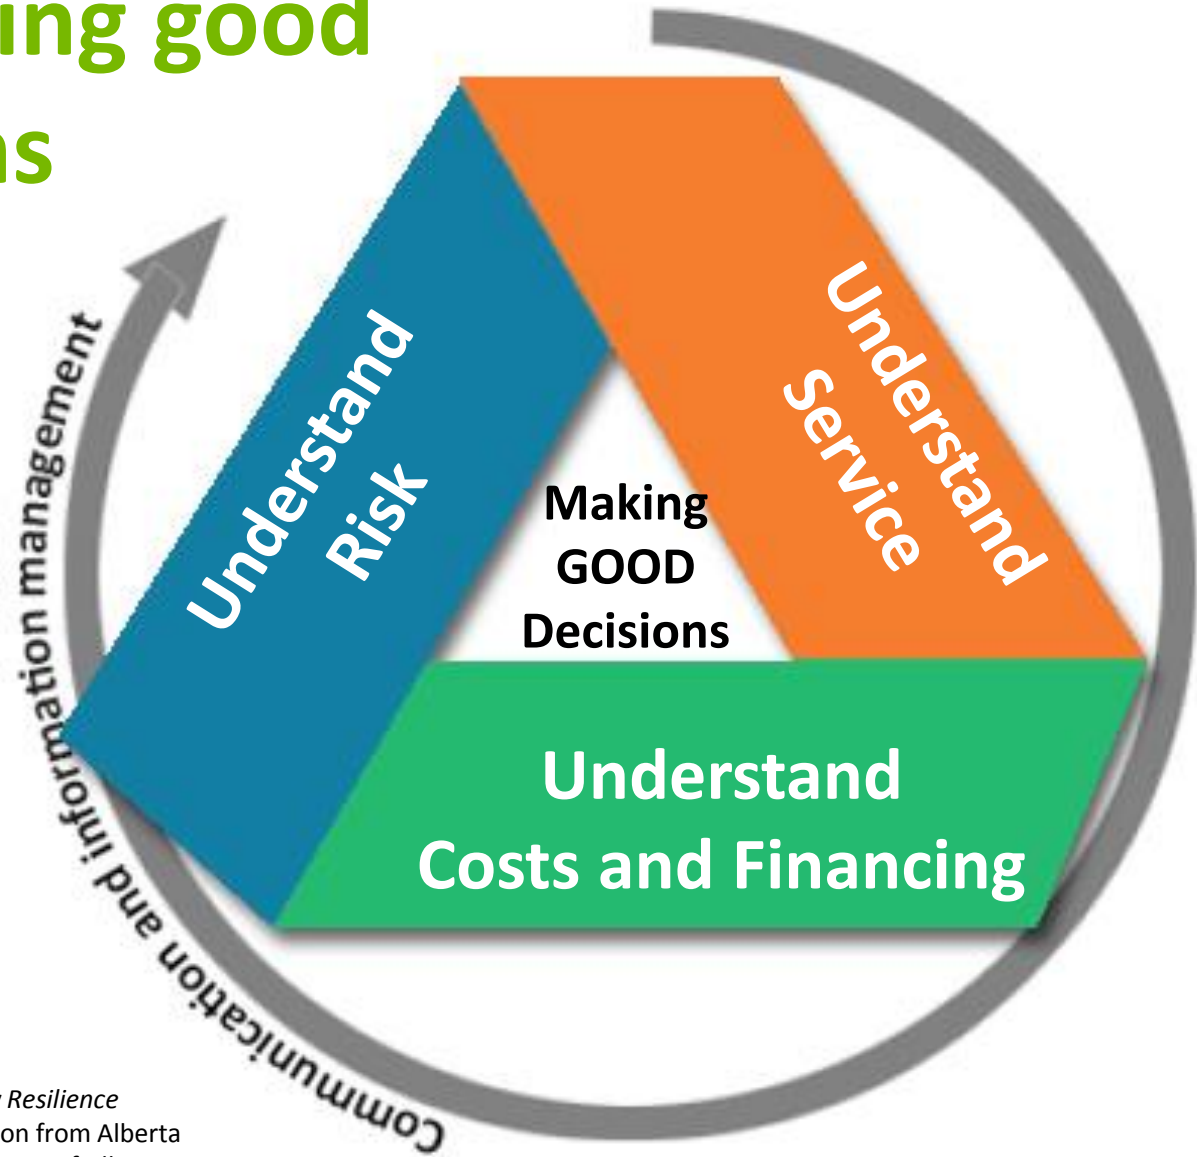

Roads, municipal buildings, sport and recreation facilities and public transit are the asset classes most in need of attention.

Majority of rates, fees & taxes do not cover the full cost of providing essential services.

Canadian Infrastructure Report Card (CIRC), 2016, <http://canadianinfrastructure.ca/>

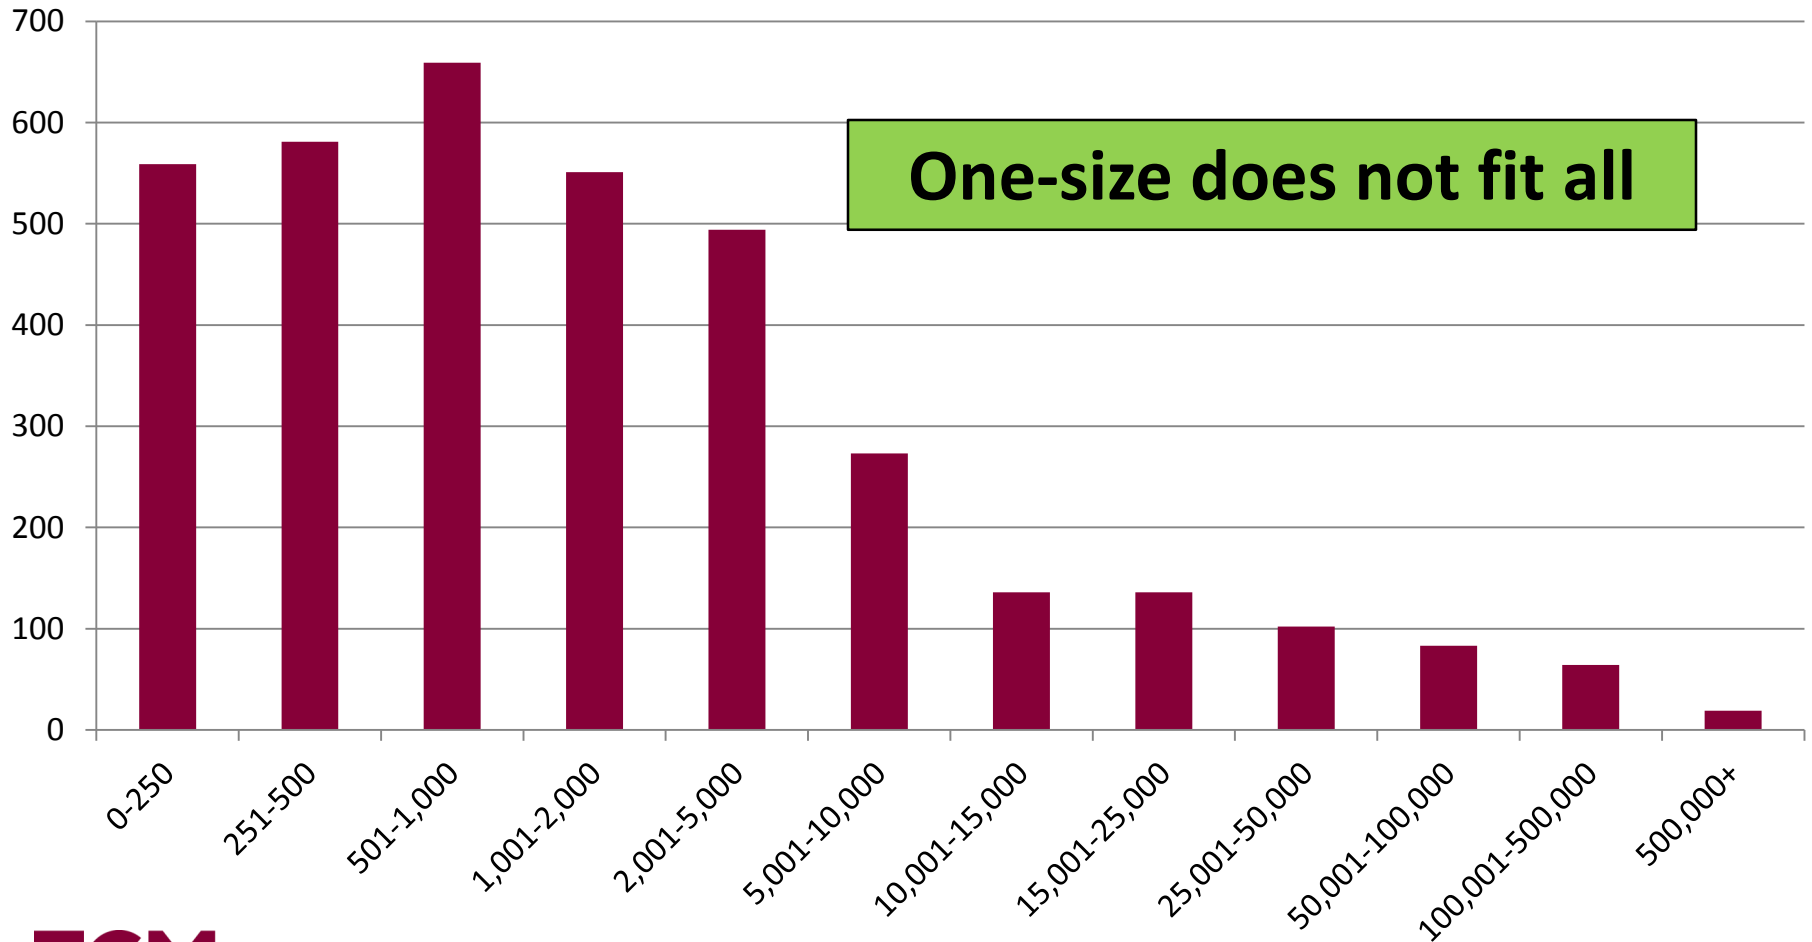

Asset management = supporting good decisions
