

Dealing effectively with challenges and opportunities in the changing municipal sector requires a unique set of skills.

For nearly 50 years the **Schulich Executive Education Centre** has been delivering executive education that enables **individuals** to continue to develop their skills in the workplace and **organizations** to build the management and leadership capacity needed to sustain and prosper in this ever-changing world.

**Top 7 Reasons Why Municipalities Choose ExecEd@Schulich**

- SEEC is a division of a globally ranked top-tier business school
- Canada's most extensive portfolio of current business topics
- Programs are focused, practical and immediately applicable
- Variety of formats: 2-5 days, extended Masters Certificates and online
- Faculty are acknowledged leaders from industry and academia
- Teaching is geared to the adult learning styles of busy executives

**Masters Certificate in Municipal Leadership**

**Serve the community more effectively in changing times.**

The future of administrative municipal leadership has arrived. Are you equipped to take up the challenge of new leadership responsibilities? This program will arm you with advanced leadership skills, sharpen your management acumen, and prepare you for continuous municipal sector change with insights and best practices. It will fully prepare you to take your organization and career to new heights.
